Subject: Donna Washington - State Revenue Office

REDACTED VERSION

Donna requested sampling be performed at the revenue office. She indicated a pregnant employee call-in sick because for the odors in the office. CTEH and I went to the office at 12:15 pm and did testing and nothing was detected. She call back and requested a written statement from Clean Harbors on the test results for her files. I told her that I would follow-up on that request. Her phone # is (b) (6) and fax (b) (6)

FYI.
